

XpressBio Company Profile

XpressBio has been in operation since 2003. The company headquarter is located in Thurmont, Maryland with a laboratory located in Frederick, Maryland. Currently the company has 10 employees, including three PhD's. We market our products to researchers around the world. XpressBio produces and markets the following research products and services:

Products

- Antibody Assays for Lab Animals
- Multiplex Antibody Detection Assays
- PCR Detection Controls for Lab Animals
- HIV-1 p24 ELISA Assay
- HIV-1 Integrase Assay
- HCV Core Antigen Detection Assay
- Quantitative Telomerase Detection Kits
- Retroviral Antibodies and Antigens
- Viral Release Reagent
- cDNA Libraries
- cDNA Synthesis
- Streptavidin and Nickel Chelate Plates
- Animal Tissue DNA Extraction Kits
- DNA and RNA Purification Kits
- Tissue Microarrays
- Helicobacter hepaticus PCR Kit

Services

- ELISA Assay Development
- ELISA Plate Coating
- cDNA Library Construction
- Antibody Development and Production
- Antibody Purification and Conjugation
- Recombinant Protein Development
- Protein Purification
- Virus Production and Purification
- Cell Culture
- Electron Microscopy
- Lyophilization
